Understanding Morphology Martin Haspelmath, Andrea D. Sims, 2013-10-28 This new edition of *Understanding Morphology* has been fully revised in line with the latest research. It now includes 'big picture' questions to highlight central themes in morphology, as well as research exercises for each chapter. *Understanding Morphology* presents an introduction to the study of word structure that starts at the very beginning. Assuming no knowledge of the field of morphology on the part of the reader, the book presents a broad range of morphological phenomena from a wide variety of languages. Starting with the core areas of inflection and derivation, the book presents the interfaces between morphology and syntax and between morphology and phonology. The synchronic study of word structure is covered, as are the phenomena of diachronic change, such as analogy and grammaticalization. Theories are presented clearly in accessible language with the main purpose of shedding light on the data, rather than as a goal in themselves. The authors consistently draw on the best research available, thus utilizing and discussing both functionalist and generative theoretical approaches. Each chapter includes a summary, suggestions for further reading, and exercises. As such this is the ideal book for both beginning students of linguistics, or anyone in a related discipline looking for a first introduction to morphology.

Our Lady of the Nile Scholastique Mukasonga,2014-09-16 Friendship, deceit, fear, and persecution at an elite boarding school for young women in Rwanda, fifteen years before the 1994 genocide of the Tutsi . . . “Mukasonga’s masterpiece” (Julian Lucas, NYRB) Scholastique Mukasonga drops us into an elite Catholic boarding school for young women perched on the edge of the Nile. Parents send their daughters to Our Lady of the Nile to be molded into respectable citizens and to escape the dangers of the outside world. Fifteen years prior to the 1994 Rwandan genocide, we watch as these girls try on their parents’ preconceptions and attitudes, transforming the lycée into a microcosm of the country’s mounting racial tensions and violence. In the midst of the interminable rainy season, everything unfolds behind the closed doors of the school: friendship, curiosity, fear, deceit, prejudice, and persecution. With masterful prose that is at once subtle and penetrating, Mukasonga captures a society hurtling towards horror.
